

CHICOPEE[®]
VERACLEAN[™]

Critical Cleaning Plus

The strength to handle any job

Chicopee[®] True Confidence[™]

Perfectly suited for day-to-day use in any industry, Chicopee's Critical Cleaning Plus high-grade cleaning wipes are extremely strong both wet and dry. Featuring an innovative and instant absorption of fluids and a dry-at-once effect, the Critical Cleaning Plus wipes remain effective for longer, making it a popular choice for a wide range of applications.

Critical Cleaning Plus

Low Lint

Absorbent

Strong

Absorbent and economical

Problems

- A lot of wipes lack the strength and absorbency to easily remove fluids and spills
- When used with detergents, solvents or water paper wipes tend to fall apart or tear
- Linting of fibers can cause issues in critical areas, impacting productivity

Solutions

- The high absorbency of Veraclean Critical Cleaning Plus wipes making it ideal to easily remove any kind of fluid and spill
- Veraclean Critical Cleaning Plus are extremely strong both wet and dry and won't fall apart like paper products, even when used in combination with detergents, water or solvent
- Veraclean Critical Cleaning Plus is low linting and specially designed for the areas where quality is critical

Veraclean Critical Cleaning Plus is available in two forms: flat and creped. The creped wipes are bulkier and have a ribbon structure for efficient cleaning. All white references are externally certified for FCC (Safe to come into direct contact with food).

Article Number	Sheet Size (L x W)	Sheets Per Pack	Packs Per Case	Product Type	Dispenser
